(ii) The county treasurer shall distribute 14.5% of the Dawson County share to the countywide community college district in Dawson County.

(3) The ~~remaining~~ oil and natural gas production taxes for each county, as provided in 15-36-331(3), must be used for the exclusive use and benefit of the county, including districts within the county established by the county.

(4) (a) The county treasurer shall distribute oil and natural gas production taxes to school districts in each county referred to in subsection (2) based on the schedule in 15-36-331(3) as provided in subsections (4)(b) through (4)(d) of this section and subject to the provisions of [section 8].

(b) The amount distributed to each K-12 district within the county is equal to oil and natural gas production taxes in the county multiplied by the ratio that oil and natural gas production taxes attributable to oil and natural gas production in the K-12 school district bear to total oil and natural gas

production taxes attributable to total oil and natural gas production in the county and multiply that amount by the school district percentage figure for the county referred to in ~~subsection (2)(a) 15-36-331(3)(a).~~

(c) For the amount to be distributed to each elementary school district and to each high school district under subsection (4)(d), the department shall first determine the amount of oil and natural gas production taxes in the high school district that is attributable to oil and natural gas production in each elementary school district that is located in whole or in part within the exterior boundaries of a high school district and multiply that amount by the school district percentage figure for the county referred to in ~~subsection (2)(a) 15-36-331(3)(a).~~

(d) (i) The amount distributed to each elementary school district that is located in whole or in part within the exterior boundaries of a high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the elementary school district bear to the sum of the total mills of the elementary school district and the total mills of the high school district.

(ii) The amount distributed to the high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the high school district bear to the sum of the total mills of each elementary school district referred to in subsection (4)(c) and the total mills of the high school district.

(5) ~~(a)~~ Oil and natural gas production taxes calculated for each school district under subsections (4)(b) through (4)(d) must be distributed to each school district ~~in the relative proportion of the mill levy for each fund as provided in [section 8].~~

(6) The Subject to [section 8], the department shall remit the amounts to be distributed in this section to the county treasurer by the following dates:

(b) On or before November 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending June 30 of the current year.

(c) On or before February 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending September 30 of the previous year.

(d) On or before May 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending December 31 of the previous year.

(7) The department shall provide to each county by May 31

(8) The department shall distribute the funds received under 15-36-331(2)(b) to counties based on county oil and gas production. Of the distribution to a county, one-third must be distributed to the county government and two-thirds must be distributed to incorporated cities and towns within the county. If there is more than one incorporated city or town within the county, the city and town allocation must be distributed to the cities and towns based on their relative populations.

(9) The distributions to taxing units and to counties and incorporated cities and towns under this section, except for distributions to the guarantee account provided in 20-9-622, are statutorily appropriated, as provided in 17-7-502, from the state special revenue fund."
